Dear colleagues

Suffolk County Council Public rights of way GIS data

Please find attached Suffolk County Council's public rights of way data. The spatial data is provided in:

1. A MapInfo table called 14.01.2020_SuffolkPROWdata.tab
2. An ESRI shapefile called 14_01_2020_SuffolkPROWdata_polyline.shp

Each format contains the polyline, route-code and status code for each route. There is an accompanying Excel spreadsheet providing a key to the parish numbers and an information sheet.

The format of the route-code is as follows: E-423/004/0

The initial letter of the route-code indicates whether the route is in East or West area; the first 3 digit number is the parish number; the second 3 digit number is the path number and the final number is zero unless the path number has a suffix letter.

The Ordnance Survey (OS) has granted a derived data exemption request in relation to Suffolk's public rights of way dataset therefore terms equivalent to OS OpenData will apply to the data, more information can be found on the OS website at

<https://www.ordnancesurvey.co.uk/business-and-government/licensing/using-creating-data-with-os-products/os-opendata.html>

The data is released under the Open Government Licence which can be found at <http://www.nationalarchives.gov.uk/doc/open-government-licence/version/3/>

If any information is reproduced it must also be accompanied by the following text:

IMPORTANT DISCLAIMER

This web page uses data that is public sector information from Suffolk County Council. The data is licensed on terms equivalent to the Ordnance Survey OpenData Licence. The date of this data is 14.01.2020

An authority's Definitive Map and Statement is the authoritative source of information about the public rights of way in that authority's area. The details of the public rights of way network contained in the data supplied on this page are for information only, and are an interpretation of the Definitive Map and Statement, not the Definitive Map itself, and should not be relied on for determining the position or alignment of any public right of way. For legal purposes, the data does not replace its Definitive Map and Statement and changes may have been made to the Definitive Map and Statement that are not included in this data. The data contains Ordnance Survey data © Crown copyright and database right 2020. Attempting to view this data at a scale greater than 1:10000 may produce an inaccurate rendering of the route of a public right of way.

The above information is given without prejudice to any unrecorded or unknown rights of way that may exist.

If you have any further questions, please do not hesitate to contact the rights of way team on the contact details above.

Yours sincerely

Amy Spurdens
